The Corporate Relations and Foundation Relations offices are pleased to present the latest edition of PhilOps News. Below is one detailed sample listing, followed by links with deadlines and amounts, to other currently available discipline/area opportunities.

(PhilOps News is also sent to University Deans, Department Chairs, Directors of Development, and University Center/Institute Directors to disburse as appropriate.)

**ARTS, HUMANITIES & CULTURE**

1) **King Faisal Foundation International Prizes in Arabic Language and Literature, Service to Islam**
   - **Deadline:** April 1, 2018
   - **Amount:** $200,000

   Arabic Language and Literature topics relate to specialized areas that lead and enrich the discipline. Prizes for Arabic Language and literature were established in 1977 and first awarded in 1979. One is considered qualified to win the King Faisal International Prize for Arabic Language and Literature if they have done an original creative published work on the announced prize’s topic, resulting in obvious scholastic benefits and enrichment of knowledge in the Arabic language and literature, and meeting one or more of the prize’s objectives as determined by the respective Selection Committee.

   5) **Academy of Motion Picture Arts & Sci.** - Nicholl Screenwriting Fellow (4/10/18 | $35K)
CHILDREN, YOUTH & EDUCATION

1) North Face Announces Explore Fund to Support Outdoor Exploration Programs for Youth
   - **Deadline:** April 5, 2018
   - **Amount:** $25,000

One of the major ways the Explore Fund supports outdoor exploration is through a $500,000 annual open-grants cycle. We’re looking for innovative ideas, both large and small in scale, that are changing the way we think about outdoor participation, accessibility, and protection of the environment. Since 2010, this program has given $2.75 million to more than 500 nonprofits and we’re thrilled to support more in 2018.

**Eligibility:** We’re excited to receive applications from passionate groups looking to increase participation in the outdoors and work in innovative ways to protect our environment. Before applying, organizations must meet these initial criteria:
   - Have 501(c)(3) nonprofit status or be in a formal relationship with a qualified fiscal sponsor.
   - Be based and operate in the U.S. Projects outside the U.S. do not qualify.

The Explore Fund grants are offered in two main categories. We ask that you complete the application that most aligns with your project.

**Enabling New Explorers:** Introducing underrepresented communities to outdoor adventures, in potentially new and interesting ways, is core to this program category. We want to work with nonprofits that are helping change the narrative of outdoor exploration. Ideal programs are working towards that goal in ways that could include teaching independence and self-awareness through outdoor adventures, demonstrating partnership and trust through outdoor activities, and developing outdoor leaders through innovative programing and trips to public lands. If your program seeks to develop new outdoor adventurers, this category is for you.

HEALTH & MEDICAL RESEARCH

1) **Association of Migraine Disorders and Migraine Research Foundation Call for Letters of Interest for Research on the Role of Hormones in Migraine**
   - **Deadline:** April 1, 2018
   - **Amount:** up to $200,000 over 3 years

The Association of Migraine Disorders and the Migraine Research Foundation invite both US and international researchers to submit a Letter of Interest (LOI) for projects that will add to the understanding of the role of hormones in migraine. Selected projects will be invited to submit a full application later this year. The Migraine Research Foundation will continue to issue an open RFP for seed-money grants (up to $50,000) in the spring.

The LOI must include:
- A description of the proposed project, including aims and methodology
- How the proposed project will impact the understanding of the role of hormones in migraine
- Why the proposed project is innovative
- The names of investigators, institution, and contact information

33) **Am. College of Psychiatrists** - Creativity in Psychiatric Ed. (6/30/18)
1) National Academy of Engineering Calls for Nominations of High Achieving and Innovative Leaders in Five Award Categories

- Deadline: April 1, 2018
- Amounts: $500,000 for Draper, Russ, Gordon & Ramo Prizes

The National Academy of Engineering salutes leaders in engineering for their lifetime dedication to their field and their commitment to advancing the human condition through great engineering achievement and/or through innovation in engineering and technology education. The NAE dedicates more than $1 million annually to recognize these leaders and to bring better understanding of the importance of engineering and engineering education to society.

Currently, the NAE presents five awards for engineering achievement and innovation - the Charles Stark Draper Prize for Engineering, the Fritz J. and Dolores H. Russ Prize, the Bernard M. Gordon Prize for Innovation in Engineering and Technology Education, the Simon Ramo Founders Award, and the Arthur M. Bueche Award.

1) **Fisher House Foundation Seeks Proposals for Newman's Own Awards for Service Members and Families**
   - **Deadline:** April 25, 2018
   - **Amount:** up to $50,000

The Fisher House Foundation, a private-public partnership that supports America's military in times of need, is accepting proposals from nonprofit organizations for its Newman's Own Awards for creative ideas to improve the quality of life of service members and their families.

Grants of up to $50,000 will be awarded to the most innovative plans aimed at improve the quality of life of active duty, Reserve, and National Guard service members (as well as veterans) and their families dealing with the stress of long deployments and separation and/or the long-term effects associated with service. Funds awarded through the program may not be used to pay salaries or wages.

To be eligible, an organization must be comprised primarily of volunteers and/or be a nonprofit organization as defined by Section 501(c)(3) of the Internal Revenue Code. In addition, any organizations proposing programs that will affect or take place on a Department of Defense installation will be asked to present documentation that their programs are approved for operation by the installation commander.
